

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

### Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

### About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at <http://books.google.com/>

A piece of Antique Cloth - made about  
the year 1630 brought with worsted  
brought in the Mayflower - <sup>the</sup>  
well in spinning & weaving - <sup>the</sup>  
~~proves~~ some fabric of the present  
day - even when the most improved  
Machinery is used - proving that  
our Pilgrim Mothers were as skill  
& industrious as they were pious

No-147. Ship Abbeys Wright - One piece  
of Antique cotton cloth - It  
cloth was manufactured about  
year 1630 - ~~(The worsted cloth~~  
~~which is was)~~ brought with the  
worsted brought over in the May  
flower - The spinning & weav-  
ing will very well compare with our  
fabrics of the present day, even when  
improved Machinery is used, - proving  
that our Pilgrim Mothers were as skill  
ful & industrious, as they were pious  
Thanks to the fair Contributor  
for the privilege of unweaving this qu-  
er as it is

J. M. Santelli Chicago the boy of Springfield

343. Specifying & laying - the ... and  
claims the following viz.

1<sup>st</sup> The process by which the arms  
are united to the Nozzles is  
such as to prevent the liability  
of their getting loose

2<sup>d</sup> The knives are not heated or  
or annealed, but are left in  
their natural state stiff and  
elastic -

3<sup>d</sup> Should the ~~knives~~ Nozzles  
at any time become loose  
become loose by the Nozzles  
Cappings, &c. &c. &c.

These Flyers are a very perfect article  
+ ~~highly finished~~ The manner in which the arms are  
fastened to the Nozzles, is such as to  
prevent their ~~get~~ liability of getting  
loose - The ~~the~~ Arms are not ~~heated~~  
annealed - consequently retain the  
natural stiffness & elasticity - The  
burned Cappings have a long time  
been applied to the Cornmeal Flyers -  
The carmen however think that  
applying the Capping the composite  
Nozzles of the New Flyer, are im-  
-provement -

All the good qualities Mr. Santelli  
claims, are requisite to make a good Flyer  
and should receive a

Bronze Medal

1127. Darius C. Brown  
2 weaver's Harney in box

These harneys have a heavy coat  
of barnish over the whole leaf - The  
is among weaver, an honest dep-  
- <sup>of property</sup> ~~some~~ respecting the utility of barnish  
the whole harney - This sample  
has a good finish - it may work  
well in the hole and wear long  
than those of left barnish

1127 Avery fine article - good fine  
hole barnish - The whole  
Harney barnish - an honest  
ment

1131. Josiah Gates

6 Bobbins Spinning

1131 - 6 Bobbins Spinning  
Road even twist and other  
well thought - made of a fine  
grade of cotton

A good and well made  
common article - it has  
an even twist, and will  
good run

1137. Suffolk Knapp Co  
5 Pine Strill

1149 - James S. Brown, Partridge,  
2 Spider Flyers & Gobblers  
The form & finish of these Flyers show  
good taste & skill in the <sup>work upon</sup> ~~the~~ ~~maker~~  
of experience will warrant all  
claimed by the Maker, - ~~these~~ ~~flies~~  
have a decided superiority over the  
common fly-frame, flyer -  
They wind the Rowing Kanny & be-  
-tifully - They are ~~more~~ ~~convenient~~  
in ~~dipping~~ & ~~handling~~ ~~up~~, the line  
and will require ~~less~~ ~~repairs~~ to  
keep them in good order

1171 A well made article - being a  
the bottom but it draws the  
bursting forward -  
the old spindle wound the  
spring to make better. ad.

186. Merrimack Spinning Co.

One stand of power loom Harnett Twine

This twine is perfect in its cording, spinning & twisting - It is very even & free from imperfect places - such an article has been very much needed - The Harnett maker & the good weaver - well know the many evils of using poor twine - and cannot but appreciate the good qualities of this article

S.S. A very perfect article - Much needed in making Harnetts - It excels in every - good twist - and all

It is perfect in its cording, spinning & twisting - Made of excellent stock on the whole a perfect article - Much needed in making H
